Make a tight knot and sew from the bottom to the top of the hat by using side-by-side stitching. If you don't know how to, please follow my youtube tutorial on sewing sides together here:

Make sure you run your ends through on of the knitted rows to hide them. I show you how on the video.

### Ideas

Remember that the hat can change in size by increasing the number of rows. If you want a wider hat you need to increment the number of stitches proportionally.
